

July 2018

Chartwells in partnership with Academy Transformation Trust

Chartwells are delighted to be providing catering services to Academy Transformation Trust Schools from 1<sup>st</sup> September 2018.

As the leading provider of catering services to schools across the UK we believe school lunches should be freshly prepared, great-tasting and attractively presented to engage pupils.

Our menus are fully nutritionally checked by our expert in-house team and meet the Government's school food standards.

Seasonal and nutritionally balanced healthy menus offering variety along with new dishes to stimulate inquisitive minds. We also understand our responsibility and the importance of educating young people on good nutrition and healthy lifestyles via our education programmes.

We're proud of our support for local and British suppliers – sourcing the best possible quality ingredients and produce from well respected, stringently selected and continually audited farmers and growers.

We've always taken the issue of food allergies extremely seriously. If any pupil has an allergy, an intolerance or a medical condition that calls for a special diet, our in-house expert team of nutritionists make sure pupils are fully and safely catered for with special menus, procedures and local training.

Chartwells are extremely excited to be given the opportunity to become the catering providers in your school and we look forward to meeting pupils and schools.

Please look out for our three weekly menu cycle that will be distributed via your school.

Kindest Regards

Samantha Baylis
