

Dear Parents/Carers

This half term all children are learning about how to keep themselves safe online. The online world develops and changes at great speed. New opportunities, challenges and risks are appearing all the time. This can make it difficult for parents and carers to stay up to date with the latest devices, platforms, apps, trends, and related threats.

Recent developments have made Virtual Reality much more affordable and accessible for everyone. This comes with additional risks to children's physical health. An information sheet explaining the risks and with advice for parents is included with this week's newsletter. Posters are also on display on classroom windows or doors.
