

Hello all,

I hope you have had a great summer and I am looking forward to seeing you all.

Unfortunately, we can't start our exciting learning in class yet. However, I'm sure you'll find the following activities on these pages just as exciting. They can be downloaded and worked on, or printed and worked on.

I have saved the documents under 2 dates, one for Tuesday's work and the other for Wednesday's work. I can be contacted on Class DoJo with any concerns/ questions.

ALL ABOUT ME

Hello to you all! My name is Mr Spriggs. I have been a teacher for 5 years, and was a P.E coach for 2 years prior to that. I am so excited to teach your children, and help them learn and grow. I look forward to meeting you all properly, and working together to create the best educational years for your child.

I have been a member of staff at Ravens Academy for many years now, and love watching students thrive and succeed at this school. I look forward to seeing this with your children, and ensuring that I provide them with the education they deserve.

WHAT IS IT LIKE IN MY CLASSROOM?

I create a warm, welcoming, and inclusive environment where each and every student feels special and valued.

I understand every child is different, and I work hard to understand each child's individual needs, and make sure I learn what works best in order to support them with their learning

CONTACT

Please reach out to me via Class Dojo if you have any questions about your child.

If your child is having a particularly difficult day, please email me simply saying 'Handle with care'. No explanation needed, and I will understand your child may need more support and be more fragile than usual.

A Day at the Seaside

9 Jake's grandparents had taken him to the seaside. Jake
21 felt so lucky as he spent the day paddling in the sea
29 and building sandcastles. Then, Jake's stomach began to
30 rumble.

39 "Can we get some food please Granny?" asked Jake.

50 Granny and Jake went to the cafe and Jake bought a
59 cone of chips. The smell was delightful! Jake carefully
68 carried them as he walked back across the sand.

76 Suddenly, a large seagull squawked overhead. As Jake
87 looked up, the cheeky bird pinched his cone of chips out
98 of his hands! Jake stood in shock as he watched the
105 seagull carry his lunch across the sky.
